NUMB. 4098

TUESDAY, APRIL 2, 1745.

...of a Private Letter from Franckfort, *dated April* 1, 1745.

'S it has been reported in dif-
'ferent Parts of Germany, and
'other Countries, that Eaſter
'Fair would not be held here
'as uſual, our Magiſtrates
'thought proper, on the 27th
'of laſt Month, to cauſe Pro-
'clamation to be made, that
'our Fair would be held at
'the uſual Time, in the uſual
...er, and with as much Security, as if the Armies
...ere in our Neighbourhood. The Troops I men-
...ned to you in my former, are actually on their
...arch, but they advance very ſlowly; which is owing
...o the Badneſs of the Roads, and the Rainy Weather.
...Chandell, the French Miniſter, declared this Morn-
...ing that the Palatine Troops were on their March
...to join the Army of M. Maillebois; and that they
...were to be relieved in the Poſts they quitted, by the
...Bavarian Troops. They attribute this to the Queen of
...Hungary's declaring herſelf Sovereign of the Duchy
...of Juliers; and having demanded of the Inhabitants
...of the Country of Neubourg, a freſh Subſidy of 30,000
...Florins by Way of Contribution. As all this ſeems
...very improbable, ſo we have it from good Hands,
...that the Trumpet lately ſent to Neubourg, went on
...a different Errand, and was charged with a Meſſage
...from General Thungen, who commands the Queen of
...Hungary's Troops, to General Zaſtrow, who com-
...mands the Palatines in Neubourg; importing, that
...he had received Orders from Vienna, to forbear Ho-
...ſtilities againſt the Palatine Troops; upon which,
...General Zaſtrow immediately diſpatched a Courier to
...Vienna.

'This Morning the French Troops were in Motion;
'about Noon it was known that a great Detach-
'ment of Dragoons and Huſſars, with a certain Number
'of Companies of Grenadiers, and ſome Field-pieces,
'were detached, but with what View, it is impoſſible
'as yet for ſome poſitively aſſert, that they are to make
'an Expedition at ſome Diſtance from hence; and
'others pretended, that they are intended to ſurprize
'ſome of the Poſts of the Allies upon the Lahne; which
'ſeems to be the more probable Project of the two.
'The French are, at preſent, Maſters of the Main, the
'Lahne and the Nidda.

'Before you receive this, the Dutch Gazette may, pro-
'bably bring you an Extract, or, perhaps, a Part of the
'Letter of Bavaria's Circular Reſcript, which makes
'a great Noiſe here; but as it is not likely that they will
'ſend the Concluſion, it may not be amiſs to inform
'you that it is to this Purpoſe. His Serene Electoral
'Highneſs ſays, that to remove all Scruple from the
'Imperial Court, of his Imperial Majeſty's Sincerity in
'the Treaty which Prince William of Heſſe negotiated
'with the Plenipotentiary, it was offered to the Britiſh Mi-
'niſtry, that the Emperor would remit his Hereditary
'Dominions, till the Concluſion of a Peace, into the
'Hands of Foreign Neutral Troops; would conſent to
'the Treaty of Neutrality, and join thereto 15,000 of his
'own Troops; cauſe his Gariſons to evacuate the For-
'treſſes of Philipsbourg and Kehl, and refuſe no other
'Proof of Confidence that the Maritime Powers could
'require of him; notwithſtanding which, he was put
'off with all Sorts of Excuſes, till the Concluſion of
'the Treaty of Worms; after which, the very Mention
'of it could not be borne. His Highneſs concludes,
'by cauſing his Miniſters to declare, that tho' he
'was cruelly taken his Father's Titles, he has, how-
'ever, aſſumed the moſt Eſſential; and is ſo far from
'having yielded his Hereditary Rights, that he is de-
'termined never to renounce them, but to preſerve them
'till a fit Occaſion offers for aſſerting them.'

SCOTLAND.

Leith, March 25. Capt. Starks, of one of his Ma-
jeſty's Yachts, has brought into Leith the Margaret and
Mary, Ferrypartoncraigs, David Gregory, in her Voyage
from the Netherlands for Bergen. She is ſaid to have
on board ſome of Brandy, ſome Tea, Tobocco, Tobacco
and Snuff, &c. aboard.——However, ſhe is better in Leith
Harbour, than in the Hands of the Enemy-Privateers, no
leſs than Four of which have been ſeen laſt Week on
the North Coaſt; viz. a Snow, a Dogger, a Ketch, and
a Sloop, one of which chaſed, laſt Tueſday, four ſmall
Veſſels into Gurden, two Leagues North of Montroſe;
but the Gurden and Johnſhaven Boats making reſolutely
to their Aſſiſtance, the Privateer ſheered off. This
is ſaid to be the very Privateer which ſome time ago
cut the Veſſel out of the Harbour of Montroſe. And a
Letter from Aberdeen ſays, that the Privateer which
took the Zetland Ship, Alexander Banks, Maſter, carried
off what Skate, and other Fiſh, they found aboard two
Aberdeen Boats; that the Crew of the Privateer gave
the Fiſhermen a double Dram, and told them they
would pay for the Fiſh, if they had any Britiſh Money
aboard: And that upon the Fiſhermen ſaying they would
take what Money the Noble Captain ſhou'd be pleaſed
to beſtow upon them, they anſwered with a Sneer,
That French Coin was not Sterling. We hear the City
of Aberdeen have applied for ſome Troops being Quar-
ter'd there, to prevent other Miſchiefs from theſe
Rogues.

Places in England. 'Tis to be continu'd Wedneſdays and
Saturdays; which Days the Town Butchers, and other
People, are not to be permitted to ſell any where elſe,
except at their own Houſes; neither will Foreſtalling

LONDON.

The Advice Boat diſpatch'd from Jamaica with an
Account of the Hurricane, was a ſmall Veſſel, and had
on board Gold Duſt, Elephants Teeth, Rhubarb, and
other valuable Commodities, to a conſiderable Amount.
She had on board Capt. Cotton Dent, three Lieutenants,
three Surgeons, two Boatſwains, a Carpenter, and ten
Paſſengers; beſides 30 Seamen.

She was taken in Lat. 47: about 200 Leagues from
the Lizard, after a Paſſage of about 14 Weeks from Ja-
maica. The French uſed the Paſſengers exceeding ill,
ſtripped them to their Shirts, and took from them every
Thing, without Mercy. They had 223 Dozen Letters
on board, beſides large Packets, all of which were
thrown over-board.

Sir Chaloner Ogle was not gone on a Cruize, as was
reported, at the Time of the Hurricane, but was on
Shore at Port Royal. There were indeed Five Sail of
his Squadron on a Cruize, under the Command of Com-
modore Coleby. They had very high Winds for two
Days before the Hurricane came on, which was ex-
tremely violent, and has done a great deal of Miſchief.
The Greenwich lay along-ſide the Hulk, ready to heave
down, when the Hurricane came on. She tore away
a good Part of the Hulk's Broadſide with her Laſhings,
and then overſet, and the Hulk ſunk. There were loſt
in the Greenwich the Captain, Lieutenant, and 84 Men;
there were 34 ſaved; the reſt of the Ship's Compli-
ment were on board the Ships that were on the Cruize.
The Orford drove out of Port Royal, and was very
near being ſunk; but ſhe cut away her Maſts, and rode
it out.

There were 130 Sail of Merchant Ships, great and
ſmall, driven on Shore, but moſt of them will be got
off; and as to the Damage done to the Plantations, it
is not by very far ſo great as has been reported.

Sir Chaloner Ogle is getting the Ships ready to come
Home as ſoon as Admiral Davers arrives; they are in
great Want there of Maſts, Rigging, and Naval Stores.
Commodore Coleby came in with the Squadron under
his Command juſt as the Advice Boats ſailed.

The Union Parfaite, Capt. Port Louis, in Hiſpaniola,
for Rochelle, is taken by an Engliſh Man of War, and car-
ried into Jamaica.

The Mary, Balleul, of Guernsey, from Falmouth for Madeira, is taken, and carried into Brest.

The Jolliffe's Adventure, Archer, from Lisbon for Falmouth, is taken by a French Privateer belonging to St. Malo's.

The Penguin, Morris, from Philadelphia for Jamaica, was loft at that Island the 20th of October, in the Hurricane.

His Majesty was pleased last Saturday to make the following Promotions in the Army; viz.

His Grace the Duke of Marlborough, the Lord Delawar, General Bland, General Blakeney, and General Oglethorpe, to be Majors-General.

This Morning the Right Hon. the Lord Brook, sets out from his House in Grosvenor-street, for his Seat at Warwick Castle.

Last Sunday the Lady of the Hon. Felton Hervey, Esq; Son of the Earl of Bristol, was safely delivered of a Daughter at his House in Burlington-street, Burlington-Gardens.

Yesterday died, in an advanced Age, at her House in the New Way, Westminster, the Lady Palmer, Aunt to the Right Hon. the Earl of Verney, of the Kingdom of Ireland; and Member of Parliament for Wendover in Buckinghamshire.

Extract of a Letter from Antigua, *dated* February 14, *by the Way of* Bristol.

'The Comet Bombketch, with four Vessels from 'Boston in New England under her Convoy, was attack'd Yesterday, in Sight of this Island, by a Spanish 'Man of War of 56 Guns, and a Spanish Brigantine; 'the Mercury Snow had joined the Comet, and both 'maintained a most gallant Fight, till almost shatter'd to 'Pieces, and then the Mercury rowed off; the Comet 'Bomb, with the other Ships, were taken; on which, 'three English Men of War sailed directly from Eng'lish Harbour, and have retaken the Comet Bomb, who 'is come in, and with the Mercury, make a most shock'ing Sight; for sure never did any English Men behave 'better than Capt. Wellard and Capt. Spray, who com'manded the two Cruizers. We have great Hopes 'that the Spanish Man of War and Brigantine will be 'brought in here; for when the Comet Bomb left our 'Men of War, they were within Gun-Shot of them.'

Concerning Gleets *and* Seminal Weaknesses *of all Kinds.*

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, when neglected or ill-manag'd by too severe purging for Venereal Impurities, violent Strains, Pollutio sui, or any other Cault whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effluxes, involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the first Symptom of Incontinency of Urine, or Difficulty of holding it, as they would doubtless be glad to meet with a certain and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent BALSAMICK STRICTIVE ELECTUARY, now published for the Author's Manuscript, after having for many Years been experienc'd never to fail perfectly curing the most Stubborn Gleets in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels, and Urinary Passages, whichit almost instantly cures, and restores to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent BALSAMICK RESTRICTIVE ELECTUARY is neither disagreeable to take, nor occasions the least Confinement, but is a wonderful Restorative in all Weaknesses of the Back, Reins, Seminal Vessels, or Urinary Passages, or of Constitution of any Kind, and particularly from Gleets, Weakness of the Back, Reins, Seminal and Urinary Vessels to an amazing Degree, insomuch that in any Debility of them, one Box of it does more than ten of any other Remedy yet found out; and all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who use it, in three Days time find it so very effectual, that they are most agreeably surprised at it.

When a Medicine will infallibly accomplish the speedy and perfect Cure of such difficult Maladies as Gleets and Seminal Weaknesses are, as this Great Remedy directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in its Praise. All who ever took it for any of the above-mentioned Disorders have readily declared.

The Price is but 6 s. a Pot, altho' for its absolute Cure one Pot alone being sufficient in most Cases to work a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. [illegible]'s Toy-shop, at the Rose and Crown against St. Clement's Church Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will clearly know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely eradicated or not.

Note, Ask only for a 6 s. Pot of Balsamick Electuary.

LONDON: Printed for M. COOPER, at the *Globe in Pater-noster Row.*
